Front-End Developer

Experiența profesională

Front-End Developer · Mediapark

Octombrie 2019 - Prezent · 5 ani 2 luni

Summary:

I'm a driven individual with an analytical brain, proven potential to grow, and a love for bringing value and achieving the results. Strong sales background is helping me a lot with understanding different processes and bringing great user experience. It improved my communication skills, made me think outside the box and cultivated the ability to see the bigger picture.

For the last couple of months worked on several projects using React with Typescript, Prettier + ESLint + Husky + lint-staged, Ant Design. Writing unit tests using Jest & React Testing Library.

Mediapark Projects:

- Writing extensible and maintainable code as part of a team
- Working on project infrastructure, improving workflows, taking responsibility for different components
- Develop, upgrade, and maintain scooter rental platform software ecosystem using React.js & Redux
- Develop, upgrade, and maintain governmental Early Childhood education admin panel and website using React.js & Material-UI
- Develop eCommerce landing page - <https://ecommerce.rocks/>
- React.js, Redux, Vue.js, Gatsby, Git, Bitbucket, JIRA, Sourcetree
- HTML5, CSS3, Javascript, SASS, SCSS
