- iOS Applications
- Jira
- Figma
- Restful APIs

iOS Developer

Despre mine

As a dedicated developer with hands-on experience in Swift and SwiftUI, I excel in delivering impactful and innovative solutions. I am capable of developing entire projects from scratch to deployment by myself, and I thrive in collaborative environments, working seamlessly with other developers to achieve project goals.

Experiența profesională

Lead iOS Developer · Midnight works

August 2023 - Prezent · 1 an 2 luni

Leading the projects by overseeing the entire development lifecycle, assigning roles and tasks, providing practical and technical support to ensure successful implementation of the projects

Competențe: Swift, SwiftUI, Firebase, Adjust, Node.js, Jira, Managementul Echipei, Gestionarea Timpului

iOS developer · Demax NND · Kiev

Mai 2023 - Ianuarie 2024 · 9 luni

Developed iOS projects completely from scratch, overseeing all stages from initialization and implementation to deployment to the App Store. All processes including coding, api and service implementation and deployment were performed independently to ensure successful release of the app.

Competențe: Swift (Programming Language), Git, App Store (iOS), Firebase, Figma, SwiftUI

FrontEnd developer - Internship · JSC Lenstroytrest · Saint-Petersburg

Ianuarie 2023 - Iunie 2023 · 6 luni

Assisted in the development and implementation of projects using React, while excelling in conducting economic analysis to evaluate the financial impact and feasibility of IT projects. This role involved a thorough assessment of project viability and cost-effectiveness, ensuring informed decision-making and successful

- Managementul Echipei
- Gestionarea Timpului

Permis de conducere
