Customer Support Specialist, AM, CRM

About me

Dynamic and motivated professional with a proven record of generating and building relationships, and managing projects from concept to completion. Skilled in demonstrating exceptional communication skills, and making critical decisions during challenges, with an ability to work independently and/or within a team for developing opportunities that further establish organizational goals.

PS: I would gladly accept new roles like accounting, supply chain management, or any similar role as I look forward to progressing in these fields with the utmost effort.

Experience SRL

November 2022 - March 2024 · 1 year 4 months

Responding to Inquiries: Provide prompt and courteous responses to customer inquiries, including questions about products, services, account information, and technical issues.

Account Assistance: Assist customers with account-related tasks, such as account setup, password resets, profile updates, and transaction inquiries.

Documentation: Maintain accurate and detailed records of customer interactions, including inquiries, issues, resolutions, and follow-up actions, in the company's customer support system.

Escalation Management: Escalate unresolved issues or complex cases to senior support staff or management for further investigation and resolution.

Customer Education: Educate customers on how to use the company's products and services effectively, providing tips, tutorials, and guidance as needed.

Client Relationship Management: Build and maintain strong relationships with assigned clients, serving as the primary point of contact and trusted advisor for their financial needs and inquiries.

Onboarding: Guide clients through the onboarding process, including account setup, documentation submission, and verification procedures, ensuring a smooth and seamless transition to the company's services.

Account Management: Proactively monitor client accounts, track account activity, and identify opportunities for upselling or cross-selling additional products or services to meet their evolving needs.

Communication: Maintain regular communication with clients through various channels, including phone calls, emails, and meetings, to provide updates on account performance, address inquiries, and nurture client relationships.

Problem-solving: Resolve client issues, concerns, or complaints in a timely and professional manner, escalating complex issues to senior management or relevant departments as needed.

Training: Provide the necessary training for new colleagues

Skills: Customer Account Management, Customer Support, Email Processing, Training, Communication

Design CS Specialist · Framedia · Abroad

September 2018 - December 2019 · 1 year 3 months

Operations Management: Oversee day-to-day branch operations, including customer service, sales, and administrative tasks, to ensure smooth and efficient functioning.

Budgeting and Financial Management: Manage branch budget, expenses, and revenue generation activities to maximize profitability and cost-effectiveness.

Sales and Marketing: Develop and implement sales and marketing strategies to attract new customers, retain existing ones, and promote products or services offered by the branch.

Customer Relationship Management: Build and maintain strong
